Advanced High School Physics Teacher Workshop - Instructor James Lincoln

- Gain top tips from Master Physics Teacher James Lincoln
- Exciting physics demonstrations seen nowhere else!
- Engage in hands-on Lab Training – every day!
- Amazing FREE MATERIALS included for EVERY participant!
- Learn to perform the most important and effective modern physics demos
- Topics include AP Physics 1&2, AP Physics C, and High School Physics
- Daily themes: Mechanics, E&M, Waves, Modern Physics, AP Test Structure
- Relevant curriculum over all areas of physics – gain content master!
- 30 hours of Continuing Education! Receive your AP Readiness Certificate!
- Lower cost and High value than other workshops!
- Lunch included every day! Expert guest speakers. Networking opportunities.
- Free parking Free Books Free Coupons to your favorite vendors

These workshops will be held on two of Southern California's PhysTEC sites. You will Get a full week of targeted PD. SCAPTI will give you the content knowledge to make sure you are ready! You will be prepared to engage your students with our exciting physics curriculum!

When: Monday-Friday, July 15-19 OR Monday-Friday, July 29-August 2

Where: CSU San Marcos (San Diego Area) Azusa Pacific University (Los Angeles Area)

Cost: Only \$675 (not \$800!) with daily lunch & breakfasts included. Free Parking!

Bonus: All participants receive over \$100 in essential teaching materials. Plus a lab book.

Scholarships?: Participants who are paying for themselves, or schools of reduced means can apply for a reduced rate. Please contact the workshop director with any questions.

Hold your spot today! Space is limited, and we fill up, so RSVP to hold your spot.

Questions: Email AdvancedPhysicsWorkshop@gmail.com or Visit: www.scapti.org

James Lincoln, M.S., M.Ed. is a 3-time AP Exam Reader, Southern California Physics Teacher Resources Agent, and Master Physics teacher with experience in urban, public, and private high schools. James is the director of the Southern California's New Physics Teacher Workshop, which he has led for eight years. He is also the past-president of Southern California Chapter of the American Association of Physics Teachers and the director of the AAPT Films physics videos project.

The Southern California Advanced High School Physics Teacher Workshop is a chance to

- Receive top tips and handouts from Master Physics Teacher James Lincoln
- Learn useful and practical teaching strategies and ideas.
- Engage in hands-on Lab Training every day. Every Lab we discuss we perform.
- Receive Amazing Lab Materials INCLUDED for EVERY participant!
- Learn to perform the most important and modern physics demos
- Topics include AP Physics 1 & 2, AP Physics C, and High School Physics
- Your input will can shape the workshop. Get answers to your questions!
- Meet and learn from other professional physics demonstrators.
- Earn 30 training hours for salary points!
- Lower cost and higher value than other workshops!
- Free Parking and Lunch included every day!
- Fresh and cool air conditioning!
